

## **Reporting Contacts and Procedures - Junco**

Please refer to the Junco Radio Protocol instructions in this handbook.

The Forest Service should be contacted by radio for Forest Service related emergencies (such as an unattended campfire) and serious regulation violations (such as a bicyclist riding in the Wilderness Area).

To communicate non emergencies call the FS office at 970-295-6600 when you return home and report it or leave a message.

**Emergency Situation-** For a life threatening situation, lost person, severe criminal act, etc., contact the Granby Sheriff. Switch the radio channel to “Grnd Shrf”, wait 20 seconds, and then say “Grand Sheriff, this is cabin host at Junco”.

Please only call Grand Sheriff in **REAL** emergencies. A dog off leash, someone without a Indian Peaks Wilderness permit who intends to camp, someone who littered, etc.....IS NOT AN Emergency.
