

Adventure Backpacks

Red backpacks, containing 12 items to be used for exploring nature, are available for children. Checkout forms for these packs are in the clear-covered blue folder on the Monarch Cabin desk. Have the parent fill out the Checkout form, and put completed forms in the back of the folder. The pack should be inventoried when it is loaned and returned. Missing or damaged items should be reported to Monica Sandstrom.

If the pack is to be returned after you leave, instruct the parent to leave it in the drop box on the cabin porch.

Only one backpack per family, please. The packs are not to be taken outside of the Monarch Lake area.

Rocky Mountain National Park has similar backpacks for use in the park.
